Four remarkably able Princetonians — William Feller, Carl Gatts Hempel, W. Arthur Lewis and Arthur Stanley Link — who have been accorded the highest honor which can be awarded to an American man of learning, membership in the two-century old American Philosophical Society. This Society the construction of the control of the Carlon of th

The 59-var old Feller, a native of Zageth, Vigodate, ig gained an international reputation in European universities before coming to the United States in 1993. Prior to being called to Princeton in 1996, as Eugene Higgins Professor of Mathematics, he divided a decade between Brown and Cornell and effectively demonstrated that mathematics can be taught to outstanding inheral arts students as an area of liberal education apart from professional use. A member of the National Academy of Science, Feller, a frequent contributor to professional publications and a former editor of the fields of orobability and mathematical seasons.

The German-born Hempel, described as one of the powerful contributors to America's strength in philoophy, is particularly interested in "the two cultures," in the processing the related to the mathematics and the natural sciences. Trained at the University of Berlin, he was appointed professor of philoophy at Princeton in 1955 
after. he had several successively, and with distinction,

at the University of Chicago, the City University of New York, Queens College and Yale University. In 1961 he was elevated to the presidency of the American Philosophical Association's Eastern Division, one of the too honors, that can be conferred upon a philosopher.

Widely separated from the fields of undiferenties and philosophy. Lexiv. 5-tyear old native of the West Indies, who was knighted by Queen Elizabeth in 1963, is an artirulate authority in the interdisciplinary sphere of political and social citange, and economic growth, in Cour years as Vice-Chancellor of the University of the West Indies and service as adviser on foreign affairs to the Prime Minister of Jamaics. Traveling This Summer?

## Summer is more fun with a PATIO

for summer fun, Brick on sond base, either basket weave or in herringbone is very attractive. Cut or random slate with glass strips looks well, too. Gravel or fir bark offer considerable savings.

Railroad ties are ideal for edging and may also be used effectively for raised planting beds. As a retaining wall they can increase seating capacity by 50% and more.

Why not give us a call and let us prepare a design and estimate

#### ALMOST AS OLD AS THE WOODS BEHIND IT!

Try this quaint button on for size, and if it doesn't fit, have it altered. The location (pretty Township road not for from the Borough line) and the grounds (prottily planted and heautifully treed) make enlarging not only feasible, but potentially profitable. As it stands, with perhaps a bit of personalizing, the five room house is an appealing retirement home for people who like the feel of the country without its isolation. The land alone is nearly worth the price of \$28,500

A CONTEMPORARY CAPE COD? AIhough his architect-designed cou-iry house decidedly has roots in coastal Massachusetts, it is not with-out a very modern flavor. Narrow weather hoard, sleeply gabled roots, sleeder cesement windows and a massive brick chimney are all brought logether in a very honest contemporary fashion with wide window wells, skylights etc. Besides living room and dining room with Ireach doors to the lawn, there is a pantry, kitchen, hreaklast room plus 5 bedrooms and 3 baths. Partially finished cellar, 2 car garage. 2 fireplaces (perish the thought!). 3/4 of en acre with many trees in hussing distance of the Johnson Park school. \$57,000

FAIR, HOT AND HUMID: and can you think of anything nicer than baving trees, central air-conditioning having Iress, central air-conditioning and a pool to swim in? Well, we have a good, older (and just remodelled) two story that can claim all these, plus living room, dining room, kitchen, 4 bedrooms, 2 haths, cellar, aftic and 2 car garage. Princeton schools,

YOU CAN TELL A GOOD HOUSE BY THE WAY IT FITS AROUND YOUR SHOULDERS: like a favorite Iweed jacket or a familiar pub, you sees it the moment you step inside — on sharp edges — easy and relaxed that indelinable feeling of warmth and comfort — of home. This wonderful, big, old house strikes us just that way. 6 bedrooms 3 baths. Two living way 6 hedrooms 3 baths. Iwo living rooms each with fireplace, country kitchen, huge porch. Old pine floors. Nearly 2 acres with accient trees.

Rustic Charm

With Modern Convenience

We're building it with all of the modern convenience

Set in an oasis of beauty just 2 miles from Princeton Township on approximately 1½ acres, the house is classic in lines and was designed by William Thompson,

This traditional beauty features all the charm of an old Colonial and none of the inconvenience. A fireplace in the lawing room, game room, and master bedroom enhance the illusion of old world living. Four bedrooms and 24b beths and 2 car garage are only a few of the assets, why not give us a call and get the details.

## DOLLARS AND SENSE

#### Financial Aspects of the School Merger

By John A. Buckland and Harvey Rothberg . Members of Finance Committee, Princetom Borough Board of Education (Prepared with the assistance of William K. Evans, Business Manager, Princeton Borough Board of Education)

"I know that the school merger means better education, but how much

Creation of a Princeton Regional School District for all public school purposes, kinder-garten through twellih grade, by merging the school systems of Princeton Borough and Princeton Township.

The Borough's high school population is limited to about 350 students. In order to maintain a quality high school program at a price our taxpayers can allord, we must join with some other school district on a permanent Hegal basis.

A Borough-Township school merger stabilizes the high school population while promoting educational quality at all levels, kindergatten through twelfth grade.

CURRENT COSTS — 90% of the Budget (Salaties, maintenance, supplies, and equipment) Apportioned on basis of pupil enrollment. In 1966, Borough 28%, Township 72% In 1975, Borough 25%, Township 75%

DEST SERVICE — 10% of the Budget (Interest and payments on Boofs and Notes) Apportioned on heart of ratables. This bests is legally and permanently established by the relevendum. In 1986, Berough 40%, Commiship 60% In 1975, Berough these, Township above (Because Township ratables are increasing faster than the Borough's)

#### HOW WILL THE MERGER AFFECT THE BOROUGH TAX RATE?

Under regionalization, current expenses (30% of the budget) are distributed on a per pupil basis. For like reason, the school merger has no significant fellect of the lax rate. As an example, the exclusionize body where here made for the coming school year. The "cyclisted lax rate" in need, because it is based on 100% of troe property valuation and permits ready determination of an individual's tax.

1966-1967	Borough	Township	Total
WITHOUT REGIONALIZATION Total school tax Equalized tax rate WITH REGIONALIZATION	\$1,030,920 I.09	\$2,314,280 1.64	\$3,345,200
Total school tax Equalized tax rate	983,050 1.04	2,362,160 1.68	3,345,200

For 1968-67, the Borough school tox in a merged system is actually a few cents less than it would be without the merger. For 1985-1986, the Borough school tax was \$1.03 per \$100 of trac valuation; ander regionalization, it would have been \$1.02.

Similar calculations for three previous years give essentially the same result: NO SIGNIFICANT CHANGE IN THE BORDUGH TAX RATE.

#### WHAT ABOUT THE DEBT SERVICE?

Debt rervice (18% of the budget) is distributed to the merging districts on the basis of rabbles. Because tablood bonds and notes are generally repaid over a ZS or 30-year period. Hey regression only a small period. (18%) of the annual school hudget, and hey have little ellect on the tax rate. Nevertheless, there has been concern as to whether the Borosaph would be paying a parties of the Township's indicheducess.

However, when we consider both present facilities and future needs, it can be shown that here also the Berough comer out even. In a merged system, the Berough would pay as additional \$523,000 of elementary school deht, but the Township would pay \$835,000 of the Berough's high school deht.

II, at some future date, additional classrooms were needed in the merged system, the Berough would pay 40% of the cost. On the other hand, with or without merger, may remain and improvements in the high twolo will be seeded in the next decade. The cost of such improvements have not been estimated; but whatever they turn out to be, the Township would pay at least 200 miles.

Remember also that the Borough's share of the regional debt service will grow smaller as Township population and ratables increase.

#### WILL PRINCETON TOWNSHIP NEED EXTRA ELEMENTARY CLASSROOMS?

The following table is calculated on the basis of 25 papils in each elementary class-room, kindergetren through eighth grade. The projections for Princeton Township include an additional 130 pupils for a 4-year-old kindergraten.

	Boro.	Twp.	Total	Present Capacity	Excess Capacity
Present K-8 enrollment (1966)	876	2260	3136	3725	589
Straight line projection (1975)	946	2510	3456	3725	269
Dr. McKenna's projection (1975)	946	2771	3717	3725	8

The straight line projection of papil encollment indicates that additional classrooms will not be necessary in the next 10 years. Dr. McKenna's growth projection suggests that unsee classroom night be needed. This projection is based on the assumption that Township growth term 1955 to 1975 will equal tits growth from 1955 to 1955. But we have the property of the p

This situation would be changed only in the event of drastic revisions in Township zoning. However, as noted shove, even if a 5 or 10-room addition were huilt at the Jehnsen Park School, there would not be any significant change in the Borough tax

available growth estimates, used by the respective school authorities in their

#### IS ONE HIGH SCHOOL ENOUGH FOR PRINCETON BOROUGH AND TOWNSHIP?

Definitely YES. The figures in the above table indicate that the combined high school carollment from Princeton Borough and Princeton Township legether, in 1974, will be substantially less than the student population in our high school today.

Il Rocky Hill or Plainshoro were to leave, there would be further reduction in numbers. The solution to the problem of overcrowding in the high school clearly lies in stabilizing the district by a Borough-Township merger.

#### WHAT ARE THE ALTERNATIVES?

The alternatives are not good. It seems clear that if the merger fails, Princeton Township will build its reparate high school, and leave the Borough system by 1970. Montgomery Township has indicated its desire to phase out of Princeton High School while building its own. This will leave Princeton Borough with two options.

(1) A high school of 350 Borough students (or 480, with Rocky Hill and Plainshore). This would be intolerable educationally, and the cost per pupil would be prohibitive.

(2) High whost regionalisation with Wast Widous Township. This would lead to ship claims enough the properties of the pr

#### WHAT ABOUT PROPERTY VALUES?

A top flight public school system enhances the value of real property, especially omes. But if the public school system declines, property values will also decline.

#### CONCLUSION:

If merger is approved —

(1) No change in Borough tax rate as a result of merger itself.

(2) Protection of property values.

(1) Higher taxes to support a high school either too small or too large for efficient op-

(2) Declining property values.

going to vote for merger, of
course. There's not really any
point in heving two high
schools I think this would call
for extra money, extra taxes,
Mergor just seems the most
sensible solution.

Alexander, secretary: For it yes sir! It's just common sense Mrs. Edwin Wislar, Puritan Court, housewife: For it, of course, I live in the Township.

#### Pet's Old Town

Moving to Chicago? I have a few luxury apartments available in and around glamorous Old Town and the Gold Coast on Chicago's near north side.

#### 531 Deming Place

A new concept in luxury awaits you in Lincoln Park West - at a rental you can afford. 90 beautiful apartments in an area featuring beautiful tree-lined streets, the quiet charm and elegance of stately residences, the closeness of Lincoln Park, the Lake, the beach, Old Town, Diversey Harbor - and only ten minutes from the Loop via public transportation. Each apartment features air-conditioning, futuristic all-electric G. E. kitchens, 2 Otis clevators, spacious rooms, floorto-ceiling closets, ceramic tiled kitchens and baths, sheltered reserved parking, doorman, resident superintendent, plus many other outstanding features.

I also have 30 other smaller remodeled buildings to choose from in this magnificent Lincoln Park area. Each apartment has such features as woodburning fireplaces, air-conditioning, oak parquet floors, real wood paneling (oak, teak, walnut, or pecan), new avocado or coppertone appliances, imported crystal chandeliers, dimmer switches, thermostatically-controlled heating, etc.

All buildings within a few blocks of Lincoln Park and its fabulous recreational facilities (golf, horseback riding, bicycling, tennis, gun clubs, boating, zoo. swimming). Unexcelled shopping facilities.

#### Rentals from \$160 to \$450

ELEGANCE SHOWS

Built in the horse and carriage era, this house with wide, gracious hall and high ceilinged rooms is made for a large family. Big living room with fireplace, a sunroom with a fountain for pure whimsy, dining room with fireplace, library with fireplace, kitchen and lavatory on the first floor. On second and third floors are 5 master bedrooms and 3 servants' rooms (if you have any), and 4 baths. Add to all of this supreme location, 2 blocks from the University, and we can offer a grand house.

#### NO "RACE FOR SPACE" HERE!

It is love at 'purse' sight. Nestled under the trees is this 5 bedroom colonial, with 21/2 baths, a very spacious living room with the added warmth of a fireplace, a family room opening onto a secluded terrace. You have direct access to a modern kitchen, laundry, and lavatory, also a formal dining room that overlooks a lovely shaded back yard. Oh, yes, when the sun becomes unbearable, let your central air conditioner soothe you.

NOT A GOOD BUY

but a great one! Living room with bay window and formal fireplace, dining room has doors to covered porch, modern kitchen with eating area, family room, 3 bedrooms, 21/2 baths, dry basement with darkroom. Add to this plaster wall construction, a well landscaped yard with trees, and we proudly can say this is something to see \$34.500

# 10 reasons why you should buy a home in Wynnewood at

- Wynnewood at Cranbury is a custom-crafted community of thirty lovely homes, set against a hackdrop of fine old trees.
- Cranbury is one of New Jersey's few remaining "small-town" towns . . . a real village atmosphere! Cranbury is 6 miles from Princeton, 50 minutes
- from mid-town Manhattan. All lots are .. MINIMUM of one full acre.
- Fine school system —including all-new Regional High School. Elegance of design is overwhelming!
- Solidity of construction is paramount!
- Every home has the most modern of kitchens with the new Caloric "75" double-oven range and dishwater included.
- All utilities; curbs, walks, etc. are in and paid for! · Gracious covered portico and full 2-car garages.

There are really hundreds of reasons why you should own a Wynnewood at Cranbury home! See for yourself.
